

WORLD CLASS COATED ABRASIVES & SURFACE FINISHING PRODUCTS

NORTON

**Lowering yours costs, not your expectations. GRINDWELL
NORTON LTD.**

Grindwell Norton, a part of Norton Co. and the Saint-Gobain group, manufactures the complete range of world class coated abrasive and surface finishing products at its state-of-the-art plants at Bangalore. Norton Co., the world's largest manufacturer of abrasives has 130 plants in 28 countries. With a vast pool of technical manpower and R&D expertise, Norton has been at the forefront of all pioneering advancements in the abrasives industry.

As the Indian economy integrates with the rest of the world, the need to respond to the fast changing requirements of the market place is the challenge that we foresee today. A challenge that will require innovation in products, world class quality and customised solutions. Grindwell Norton is today ideally placed to meet this challenge in India.

Combining the world class Norton technology and Asia's largest and most modernized plant, Grindwell Norton brings to the Indian market a wide variety of coated abrasives for all applications in Aircraft manufacture, Automobiles, Glass, Watch, Fabrication, Hand tools, general engineering, Leather, Shoe, Furniture and other Wood working.

Grindwell Norton is also the only Indian manufacturer of Non-woven abrasives (the Bear-Tex range of products) which used together with coated abrasives offer a complete and comprehensive range of surface finishing solutions. Solutions that are finding increasing application in a number of emerging manufacturing processes.

Our products are brought to you through a vast network of dealers and stockists spread across the country. Do get in touch with our nearest branch office for our field engineers to offer the best product and solution to suit your requirements.

PRODUCT		AVAILABILITY					APPLICATIONS
		SIZES	GRITS	GRAINS	BOND	BACKING	
DISCS AlKon ZirKon SilKon Norton SG PSA Velcro Speed-Lok		100, 115 125 180, 230	24 - 120	NZ AlO SiC, SG	R/R	Vulcanised Fibre	Weld blending & grinding Weld preparation Fabrication grinding Blending Stainless Steel Deburring, Flash removing Specimen polishing
		25 - 915	36 - 1000	AlO, NZ	R/R	E Wt. Paper	
		75 - 915	80 - 1000	SiC, AlO	R/R	C Wt. Paper	
		25 - 915	24 - 400	AlO, SiC, NZ	R/R	Cloth
